

LAURASTAR S4^E

An active ironing board
for a professional result

REVERSE BUTTON

NEW – Button that allows you to change the direction of the fan by simply pressing it, to gain in efficiency.

DOUBLE VOLUME

Double volume of extra fine steam, for a lasting result leaving no damp traces.

CONSTANT PRESSURE

A constant pressure of 50 psi produces 211 quart of steam volume per minute – the result is professional ironing quality.

EASY FOLDING – PATENTED

Foldable board with six height-adjustment settings for all ironing requirements.

CONTINUOUS STEAM IRONING

Removable 1.3 quart reservoir allows continuous ironing with steam...without waiting.

MAGiiC™ – ACTIVE TABLE

Silent blower and vacuum from the 2-speed board for cold, crease-free ironing.

SAFETY BOX

Iron safety storage box, to keep the still warm iron well protected.

AQUA FILTER

NEW – Scale filter – ordinary water can be used and the iron's service life is extended.

FAST HEATING TIME

Super fast heating time in five minutes for immediate use.

COMPACT STORAGE

Easy to move system thanks to its two pairs of integrated wheels and its reduced size of 7.87 in. when stored.
